School Counselor

Ms. Danielle Effre
School Counselor

Spartan Families,

Welcome to Bruner Middle School and Okaloosa County District Schools. Here at Bruner Middle School we strive to serve our students and families to the best of our ability as your children navigate through 6th, 7th and 8th grade. There are numerous opportunities for students to have new academic, social and athletic experiences as they grow and discover who they are. Research shows that students are much more successful when they participate in various extracurricular opportunities here at the school. Therefore, we strongly encourage students at Bruner Middle School to make connections with other students by joining an extracurricular activity, club or team. There are many options to choose from between sports teams, Debate Club, Movie Club, Beta, Builders Club, Chorus and Band to name a few.

My name is Gary Massey and I am the Principal of Bruner Middle School. I have served in Okaloosa County for over 20 years. Twelve of those years in administration at various schools within the Okaloosa County Schol District. I say “serve” because it is a fundamental belief of myself and my administrative team that we are here to serve students, families and colleagues above everything else. The office staff and the rest of my team are not perfect, but we continue to evolve to better serve you. Please ask for myself or another administrator if you ever need our assistance or if you just have questions. Myself and my Assistant Principals, Ms. Cahn and Mr. Taylor, are here to serve you. As a matter of fact, all Spartans look forward to collaborating with your family in making your child’s time here with us educational, safe and fun. Welcome to Spartan Nation!

Respectfully,

Gary G. Massey, M. Ed.
